With a new take on our signature Pro-Tek cover, this case’s cover flips open into a stand, allowing for multiple viewing angles or typing positions, and helps you find the most comfortable hands-free placement whether you’re scrolling, posting, or streaming the latest video.

Military Grade Drop Protection

Minor drops and bumps are no problem for this durable case. In fact, the case passes rigorous MIL-STD 810G testing to ensure it can protect your iPad Pro® from drops up to 4 feet (or 1.2 meters).

Clear Coverage

No need to hide that colourful iPad Pro® behind the case to fully protect it. Its back cover is made with a clear, shock-absorbent TPU, so you can show off the color of your tablet while keeping it securely wrapped in protection. Not only protective, but functional, its precision cutouts allow access to all ports and ensures the camera is accessible for photos or videos without removing it from the case.

Take Cover

Enjoy full-device protection with the integrated folio cover. With a soft-lined interior to protect the screen from scratches and sturdy exterior to safeguard from the elements, the cover also doubles as a stand, flipping to the perfect viewing and typing angle while in landscape mode.
