The Shuttle Accessory PE120 is an external power adapter which transforms the mains power to a lower 19V DC voltage. It is meant as a replacement device for certain Shuttle products. PE120 provides a maximum output wattage of 120W and can also be used for such devices, whose original power adapter had lower performance (e.g. 40W, 65W or 90W).

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
