Interactive wireless presentation for any meeting space

ClickShare C-10 brings interactive wireless presentation to any meeting space. Content sharing is simple, with just one click on the ClickShare Button (Windows or Mac) or the ClickShare App (laptop, mobile or tablet). Start presenting within seconds: no cables, no software to download, no training needed.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
