mishaps, selfies gone wrong and your everyday fumbling, dropping and screen cracking! Can you feel it? Love is in the air. Love for phones and the planet. It’s the new circle of phone life. When you keep your beloved phone SAFE., you can one day pass it on to another phone lover who will love it just as much as you do. Choose SAFE. and give your phone a second, third or fourth life! This is one way of working toward a more sustainable future! Another is to use more sustainable packaging. So, of course, this product comes in a recyclable FSC™-certified box. It should be EASY to be SAFE.! Without hassle, red tape, or unnecessary complexity! This screen protector comes with an EasyAligner that makes installation a piece of cake (seriously!) and to make it even easier, we’ve included step-by-step instructions as well as a QR code for quick access to our online how-to video. And remember: You just need to install the screen protection once! Then you’ll never again fear the sight of your phone tumbling to the ground screen first. This may not happen, but if it does, you’ll regret not having clicked “add to cart”. No screen protection is worth poor screen performance! That’s why this screen protector comes in Ultra-Wide Fit, meaning it covers the front surface of your phone, providing a complete and crystal-clear view of your screen. It even leaves a little room around the edges for a case from CARE™ by PanzerGlass®. And if you want to be extra SAFE., combine the screen protector and case with a SAFE. by PanzerGlass® camera lens protector. Keep your phone SAFE.
