Fast, travel-ready USB-C charging with efficient GaN technology

Powerful, Fast USB-C Charging

This USB-C power adapter with GaN delivers up to 65W of Power Delivery 3.0/2.0 power with broad voltage support (5V, 9V, 12V, 15V, 20V) and PPS profiles 5.0-16V 4.0A (60W Max) and 5.0-21V 3.25A (65W Max) for fast, safe charging of USB-C devices.

Universal Compatibility with Leading Brands

Designed for use with popular USB-C devices including Dell Pro/Plus, HP, HP ProBook, MacBook Pro, and Microsoft Surface Pro.

Safe, Reliable, and Efficient Performance

Built to keep both users and devices protected, it is cULus listed and FCC/ICES EMC and Japan PSE certified, with over-voltage, current, and temperature protection. Its efficient design meets DOE Level VI standards for energy efficiency.

Eco-Friendly, Plastic-Free Packaging

Packaged with sustainability in mind, it features 75% post-consumer recycled (PCR) housing and FSC-Mix certified packaging. The compact packaging protects the product in transit while minimizing environmental impact.
