Immerse yourself in a vibrant, cinematic dimension with the stunning 4K quantum dot OLED display. True 10-bit color depth delivers otherworldly visuals, while image retention refresh ensures your display remains crisp and flawless for battles to come.

QUANTUM DOT

This technology infuses your display with billions of nano-sized crystals, enhancing color vibrancy and accuracy for a gaming experience that's not just seen, but truly felt.

OLED TECHNOLOGY

The OLED panel brings each pixel to life, independently illuminating for deep blacks and brilliant colors, offering unparalleled contrast and detail in your gaming universe.

VESA DISPLAYHDR™ TRUE BLACK 500

Dive into worlds where brilliance meets shadow. With true blacks, vivid highlights, and 500 nits peak brightness, every frame reveals detail once lost in darkness.

HARMONY IN THE HERTZ

Synchronize your reality with AMD FreeSync™ Premium Pro (application in progress), where gameplay is smoothed across temporal rifts, eliminating tears and stutters in the fabric of your visual experience.

RAPID REFRESH

Unleash the velocity of the future and engage in a spectacle where the 500Hz1,2 refresh rate and response time are as swift as a high-speed chase through the city streets, with every action rendered in the blink of an eye.

INCREDIBLE RESPONSE TIME

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

In a world where milliseconds matter, respond faster than a netrunner's code. Command a 0.03ms1 response time for total control and accuracy with minimal blur.

KVM: YOUR DIGITAL SWITCHBLADE

Instantly shift between devices with the inbuilt KVM switch, keeping every byte and bit of your cyber arsenal at your fingertips.

NEXUS OF NEXT-GEN CONNECTIVITY

At the crossroads of technology, the Predator X27 QD-OLED is your nexus. Boasting ports aplenty, including the adaptable Type-C 65W PD and HDMI 2.1 compatibility.

SONIC SPECTRUM

Immerse yourself in the auditory dimension of gaming with the two 5W speakers. Positioned for pure impact, the sound system offers an acoustic experience as sharp and clear as the display itself.

COMMAND CENTER

Optimize your battle station. Adjust your view for comfort and maintain peak performance during extended campaigns with the flexible ErgoStand – allowing you to make changes to tilt, swivel, and height.
