Lenovo 4X90J31021 USB graphics adapter 3840 x 2160 pixels Black

Model: 4X90J31021

Manufacturer: LENOVO

EAN: 889561889138

Product Code: 1088059

R3,641

The Lenovo USB 3 to DP Adapter delivers combined video and audio over a single USB port to a DP display. This adapter is unique in that it provides a spectrum of resolutions at high speeds all the way to 4K*. Connect up to 6 monitors (one adapter per monitor) at high resolutions.
Ideal for end customers wanting a 4K* solution for conference room displays, digital signage, or to enable an existing PC to support DP displays up to the latest 4K* monitors.Benefits:
High quality with low latency
Can enable up to 6 USB displays (one adapter per monitor)
USB bus power (no external power supply)
Features:
Max 3840x2160@30Hz 4K*output
Backward compatible with QHD and HD monitors

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

DP 1.1 interface (DisplayPort)

Integrated DisplayPort Audio

Note: Adapter is backwards compatible with USB 2.0, but in most cases performance above 1080P over USB 2.0 will likely be unsatisfactory.
