The Conceptronic Online UPS is the ultimate solution for reliable battery backup in your home or office. With an output power factor of 1.0, this UPS ensures maximum efficiency and performance. The ECO mode feature helps save energy, making it an environmentally friendly choice. Designed for compatibility with generators, it provides continuous power even during extended outages.

The Conceptronic Online UPS includes a HID-compatible USB connection for seamless communication with your devices and an Emergency Power Off (EPO) port for added safety during emergencies. The easy battery replacement feature allows for convenient maintenance. Additionally, the outlet programmable management feature enables you to customize power distribution according to your needs.

Simple to install and operate, the Conceptronic Online UPS offers a dependable and efficient way to protect your systems from power surges and failures, ensuring the smooth operation of your critical equipment.
