GDX 18V-200 Professional: Further information

Product Highlights

The GDX 18V-200 Professional combines brushless power, a compact design and a 2-in-1 tool holder for highest flexibility. The unique 2-in-1 tool holder with ¼” internal hex and ½” square drive makes it versatile and ideal for the widest range of applications. It comes with a brushless motor, which features high performance of 200 Nm tightening torque, 350 Nm breakaway torque, excellent battery runtime and a long tool lifespan. To have a better control over speed and torque the GDX 18V-200 is equipped with a variable speed trigger.

Equipment & Application

The GDX 18V-200 Professional is the ideal choice for tightening and removing screws (M 6 – M 16), when working in metal sheet, metal or wood. It is also compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System).
