

Targus ACC110401GLX USB cable 0.1 m USB A USB C Black

Model: ACC110401GLX

Manufacturer: TARGUS

EAN: 5051794030518

Product Code: 1092420

R1,216

Overview

Update your docks to USB-C models and retain compatibility with legacy laptops. This USB-C to USB-A Cable ensures that your non-USB-C legacy laptops are compatible with select Targus Universal USB-C Docking Stations. That way, you'll have full support through your laptop refresh cycle and you can transition to USB-C docks sooner.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
