

DJI 240W power supply

Model: CP.MA.00000886.01

Manufacturer: DJI

EAN: 6937224110229

Product Code: 1745983

R3,466

DJI Mavic 240 W Power Supply

The DJI Mavic 240 Watt Power Supply enables simultaneous charging of the smart batteries and control instruments for the DJI Mavic 4 Pro, significantly reducing the time needed to prepare the equipment for operation. With 240 watts of output power, it provides fast and efficient power restoration. What's more, an additional USB-C port allows you to power mobile devices, and the compact case with built-in mini SDC cable makes it easy to transport and store the product.

Manufacturer	DJI
Manufacturer code	CP.MA.00000886.01
Input	100-240 V AC, 50-60 Hz, up to 3 A

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Output	Up to 240 watts (total), up to 65 watts (USB-C) *The maximum output power of the USB-C port is limited to 45 watts when two devices are charged simultaneously. Charging times may be longer than usual.
Charging times	Smart battery for DJI Mavic 4 Pro (using parallel charging hub for DJI Mavic 4 Pro, with no other devices connected to the charger or USB-C port of the hub): Charging 1 battery: approximately 51 minutes; Charging 3 batteries: about 90 minutes (200-240 V input), about 110 minutes (100-127 V input); *Charging time is measured in a test environment at 25°C. Actual charging time may increase due to higher ambient temperatures or differences in line voltage between regions.
Compatibility	Mini SDC port: parallel charging hub for DJI Mavic 4 Pro; USB-C port: parallel charging hub for DJI Mavic 4 Pro and other devices that support the PD standard;

Gross weight: 750, Net weight: 679, Box length: 13,00, Box width: 10,00, Box height: 8,00, GPSR Link: https://psr-assets.innpro.pl/drones/sg_drones_drone_accessories.pdf, Last delivery: 19.11.2026
