Even more feature-rich than its predecessors, this addition to Epson’s highly popular TM-m30 series features an ultra-small footprint and super-sleek design, and delivers easy, cost-effective and reliable receipt printing in any environment where space is an issue. Including not only a USB Type-C PD (Power Delivery) connector, the TM-m30III (Wireless model) also features integral Wi-Fi and Bluetooth functionality, while its antibacterial coating provides protection against liquids to IPX2 standards, making it ideal for tough environments such as kitchens. Also featuring a paper near-end detection system, it’s great for kiosks and self-checkouts, and its superior de-curling mechanism means that it’s perfect for receipts that need a signature. Now supporting Android and Windows as well as iOS, the TM-m30III comes with links to video guides that make set-up and configuration fast and easy.
