R8,440

If you’re looking for a cordless drill driver that delivers the power you need for even tough screw applications, look no further than the Bosch GSR 18V-65 Professional drill driver. It drills through metal, wood, or plastic with ease thanks to the improved torque of 31/63 Nm and 0-550/0-2100 min^{-1} speed. Tight, awkward spaces are no problem with this compact tool’s handy head length of only 166 mm. And we have your protection covered with switchable KickBack Control that prevents accidental tool kickback. Plus, you get even more illumination power for your working space with the dual working lights.
