R2,524

The flexible compatibility of the new ThinkCentre TIO Flex makes it the perfect solution for your existing infrastructure while supporting future upgrades and expansions. TIO Flex integrates most Tiny PCs with 22" to 27" various monitors sizes, simplifying connections, minimising cables and enabling full access to Tiny’s front ports.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
