The Targus Compact Blue Trace Mouse is the perfect solution for travellers who need to save space when using an external mouse. The integrated scroll button allows you to scroll up or down through spreadsheets or browse the internet. The retractable cord adjusts allowing users to choose the length needed to save space in compact work environments. Featuring a standard USB connection, the mouse is ready to work out of the box. The sleek black and grey design provides added style, while the contoured shape provides ergonomic support for left and right handed users. At only 7.6cm long, the Targus Compact Blue Trace Mouse is small enough to conveniently carry in a laptop bag for comfort and productivity on the go.
