

InLine USB car charger power-adaptor Quick Charge 3.0, white

Model: 31502W

Manufacturer: INLINE

EAN: 4043718272938

Product Code: 465853

R1,062

Flexible power supply in the vehicle: Enables charging and operation of USB devices via USB-A and USB Type-C on 12V and 24V car sockets.

Fast charging of compatible devices: Supports Quick Charge 3.0 on the USB-A port for reduced charging times on compatible devices.

Parallel operation of multiple devices: Two USB outputs allow simultaneous power supply to different USB devices without additional adapters.

Compact design for continuous use: The space-saving design allows for unobtrusive use even in confined spaces.

Power Delivery 3.0 on USB Type-C port: Enables power-adjusted power supply to compatible USB Type-C devices and supports efficient charging via the modern standard.

This USB car power adapter enables the reliable conversion of a 12V or 24V car socket into two USB

charging ports. The integrated USB-A port with Quick Charge 3.0 and the additional USB Type-C port allow mobile USB devices to be powered or charged in parallel. Support for 12V and 24V input voltage allows use in different types of vehicles. The compact design allows the adapter to be operated in the car socket in a space-saving manner. The stable voltage conversion to 5V DC ensures a constant power supply while driving.

Input voltage: DC 12/24V, max. 2.5A
Output voltage USB-A: DC 5-6V / 3A
Output voltage USB-A: DC 6-9V / 2A
Output voltage USB-A: DC 9-12V / 1.5A
Output voltage USB Type-C: DC 5V, max. 3A
Dimensions: approx. 69 x 26 mm
Weight: approx. 27 g
