a bold silver-foil ROG logo and sharp, precise lines add a touch of premium sophistication. Built upon a solid aluminum alloy frame, the Throne II Core ensures exceptional durability and long-lasting stability, supported further by a textured anti-slip base that keeps the stand firmly in place during intense gaming sessions. The combination of thoughtful design, robust materials, and distinctive ROG styling makes the Throne II Core an essential accessory for gamers who value both form and function.

Designed for ROG Headsets

The ROG Throne II Core perfectly complements headsets like the ROG Delta II and ROG Pelta, as well as other headsets on the market. Its form precisely follows their contours, ensuring a snug and secure resting place.

Bold ROG Aesthetics

Adorned with signature ROG text patterns, a sleek silver-foil ROG logo and sculpted with sharp, precise lines, the aesthetics of Throne II Core reflect the unmistakable identity of ROG — bold, premium, and instantly recognizable.

Solid Build Quality

Crafted with a premium aluminum alloy frame and equipped with a textured anti-slip base, the stand delivers uncompromising stability and lasting durability.
