Immerse in Unmatched Comfort

The lightweight ROG Pelta gaming headset boasts a 309-gram design and includes a stylish adjustable elastic headband for comfortable all-day gaming. The versatile tri-mode connectivity allows for cross-platform compatibility, so you can use the Pelta with mobile phones, PCs, and gaming consoles. The headset also ensures perfectly-synced in-game audio anywhere thanks to ultra-low latency 2.4GHz wireless with ROG SpeedNova technology. What’s more, 50mm ROG Titanium-Plated Diaphragm Drivers and a refined wireless sound signature deliver superior audio
