Featuring 4G LTE-Advanced Cat12 technology, M7750 delivers 600 Mbps download speed and 150 Mbps upload speed. Ideal for streaming, gaming, and large file transfers, it keeps you reliably connected wherever you go.†

Your Perfect Daily Wi-Fi Partner

The M7750 provides selectable dual band Wi-Fi, 867 Mbps on 5GHz or 300 Mbps on 2.4GHz. With this convenient companion, you can share your Wi-Fi with your friends everywhere.‡

3280 mAh Battery Powers All your Day

Powered by a 3280mAh high-capacity battery, the M7750 delivers up to 15 hours of use on a single charge. Enjoy fewer interruptions from charging and a consistently reliable connection throughout your day. §

Power 32 Devices on the Go

Break free from spotty public WiFi and device limits. The M7750 delivers reliable high-speed Internet for up to 32 devices simultaneously, minimizing dead zones and connection drops. Stay connected anywhere with minimal effort. ‡

Real-Time Insights, Effortless Control

The M7750's visualized screen puts you in control: Track real-time data usage to avoid surprise overages, while monitoring battery life, Wi-Fi strength, and connected devices at a glance. Stay informed, stay connected — all from one intuitive interface.

2TB Freedom: Storing and Sharing Anywhere

Transform your MiFi into a storage hub with support for up to 2TB SD cards. Instantly create group photo albums during travels or effortlessly manage work files on the move. Ditch cloud constraints and bulky devices — all-in-one storage & connectivity in your palm.

Easy Management with tpMiFi App
