
Lanberg CA-HDMI-30FB-0100-BK HDMI cable 10 m HDMI Type A (Standard) Black

Model: CA-HDMI-30FB-0100-BK

Manufacturer: LANBERG

EAN: 5901969440898

Product Code: 487557

R1,500

ACTIVE OPTICAL HDMI 2.1 CABLE

Optical HDMI cables allow for lossless transmission of audio-video signals over huge distances. Due to the use of optical fibres as a conductor, they are extremely thin, which makes cable routing easier than ever before. Additionally, it provides 100% resistance to electromagnetic interference.

The latest HDMI 2.1 (Ultra High Speed) standard allows you to transfer video in 8K resolution with a refresh rate of up to 60 Hz. Using DSC (Display Stream Compression) technology, you can increase the maximum resolution up to 10K!

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

NOTE

Due to its structure, the optical HDMI cable transmits video signals only in one direction. Be sure to check the markings on the plugs to correctly connect the product.
