R1,151

No Ethernet port in your hands?

This adapter can help! It is connected via USB 3.0 on your PC / Notebook / Netbook and ensures a more stable and faster Internet connectivity than via WLAN

With generous support

A RJ-45 Ethernet Port IEEE 802.3, 802.3u and 802.3ab are both supported in the adapter. Transfer rates of 10/100/1000 Mbit/s are also possible. The USB 3.0 port is backwards compatible with USB 2.0 and USB 1.x.

Compact design

Due to its short cable and compact design the adapter is not only convenient for transportation and space saving at your workplace - it also protects the environment. The EMI radiation is reduced to a
