POWERED BY MSI

Create and establish the most powerful setup with Powered by MSI products, including PC case, motherboard, liquid cooler, graphics card, and power supply unit.

80 PLUS GOLD CERTIFIED

The efficiency of your power supply directly influences your system’s performance and your power consumption. The 80 PLUS Gold certification promises lower energy consumption and higher efficiency.

0% RPM MODE

The fan 0 RPM mode can stop the fan’s operation when TDP is below 40% to let you enjoy gaming in silence.

100% JAPANESE 105°C CAPACITORS

Aiming for unwavering product quality and performance stability, the MPG A1000G comes with 100% Japanese 105° C capacitors and solid capacitors.

USE WHAT YOU NEED

The MPG A1000G's fully modular design means that only the connectors required by the build need to be used, significantly reducing cable clutter and simplifying the system’s overall build.

SINGLE-RAILED

The MPG A1000G's single rail supply of power can properly deliver the power you need. For high-performance graphics cards and CPUs, the MPG A1000G's 5 CPU & PCI-E slots are more than plenty.

COMPACT SIZING
