

EIZO FlexScan EV3450XC-BK computer monitor 86.6 cm (34.1") 3440 x 1440 pixels UltraWide Quad HD LCD Black

Model: EV3450XC-BK

Manufacturer: EIZO

EAN: 4995047067368

Product Code: 1601788

R21,268

The EIZO FlexScan EV3450XC is optimized for the demands of the modern working world. With an integrated, high-resolution 5MP webcam, built-in microphone with noise and echo cancellation and feedback-free speakers, it is fully equipped for video conferencing. In addition, the curved ultrawide screen with a 34.1" diagonal, 21:9 format and UWQHD resolution (3440 x 1440 pixels) offers an extra large screen area for demanding applications or intensive multitasking. The webcam and infrared sensor support Windows Hello for convenient and secure unlocking of the computer using facial recognition. The EV3450XC’s USB-C docking connects video, audio and USB data signals and charges laptops with 94 watts of power. The integrated LAN port enables stable online conferences.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Image reproduction with the EV3450XC is sharp, clear, fast and flicker-free. When scrolling and positioning windows or images, the readable display appears in fractions of a second - faster than it can be perceived. Power consumption and energy efficiency are always in view. This also applies to colors, which are displayed in sRGB free of oversaturation. Equipped in this way, the EV3450XC is ideally tailored to the challenges of companies that rely on hybrid forms of work with a combination of office work and remote work.
