Comfortable Touch

For players, every hand movement feels comfortable, with reduced friction on the arm, ensuring a consistent glide without the rough, skin-biting sensation of coarse surfaces.

Enhanced Humidity Resistance

G-SR-SE-Rouge II’s top layer of cloth stays dry and avoids sticky glide feeling often resulted from clogged moisture.

High-Quality Craftsmanship

Quality Glide Craftmanship

Rigorous quality control ensures all mousepads meet high standards for flawless gliding. This screening process guarantees players experience consistent, smooth and precise mouse movement across every mousepad.

Anti-Slip & Durability

New Anti-Slip Base

ZOWIE’s new anti-slip base enhances stability, reducing mousepad slip caused by intense gameplay.

Improved Durability

H-SR-SE-Rouge II has a tighter surface weave which reduces the problem of glide inconsistency after frequent use and therefore enhancing durability.
