Love your camera? Love your screen? Then this 2-in-1 protection pack from PanzerGlass® has your name written all over it. The Ultra-Wide Fit Screen Protector, made from 60% recycled material, and the Hoops® Camera Lens Protector keep your screen and lenses safe from accidental bumps against sharp-edged table corners, crushing falls onto stone-hard pavements, and other hazards of everyday life. The screen protector even has a smudge-free coating with an antibacterial effect that reduces traces of fingerprints.

Installation is also easy. Just apply the camera lens protector and use the EasyAligner to mount the screen protector. The EasyAligner makes installation so simple you can do it perfectly on the first attempt, even if you’re all thumbs. And once everything is installed, you’ll never again fear the sight of your phone tumbling to the ground. This may not happen, but if it does, you’ll regret not having clicked “add to cart.”
