

Lanberg PDU-09F-0300-BK power distribution unit (PDU) 9 AC outlet(s) 1U Black, Grey

Model: PDU-09F-0300-BK

Manufacturer: LANBERG

EAN: 5901969428261

Product Code: 1248311

R951

Lanberg’s PDU (Power distribution unit) surge protector is a solution dedicated to professional applications in the field of power strips. Its construction has been prepared exclusively for horizontal mounting on the front of all types of 19" server cabinets. The strip provides uninterrupted, reliable power supply to devices connected to it, giving its users an additional level of protection.

This particular PDU is equipped with 1 phase power input and additional security feature - current circuit diaphragms to protect the user.

On top of that, for even greater level of security Lanberg’s PDUs all have larger cable cross-section
