With the practical USB combi cable, the search for the right connection cable for the host interface is over. The cable has a Type-C® plug and a matching Type-A adapter, which can simply be plugged in as required. The connection cable is permanently installed and connects almost any computer.

Trusted ICY BOX® quality

Electrical appliances should last a long time and not be a burden on the environment. That is why ICY BOX® relies on a high aluminium share in its products. After all, aluminium is highly recyclable. The housing of the IB-HUB1737-C3 is also made of robust aluminium and therefore stands for durability.
