consistent P3 color on MacBooks. With DisplayPort, HDMI, and a built-in USB hub, it ensures seamless connectivity for all your creative needs.

Empowering Content Creators

The Perfect Monitor When Working on MacBook

ProArt Display combines professional-grade performance with sleek design and Mac-tested compatibility. Offering vibrant colors and versatile connectivity, ProArt Display is ideal for Mac users seeking exceptional color accuracy and unmatched productivity.

Consistent Color Across Multiple Devices

ProArt Preset modes offer multiple color gamut options. The new M Model color temperature is specifically designed to match the color performance between macOS devices and ProArt Displays. This ensures seamless color consistency across screens, making the mode ideal for color-critical tasks like photo editing, video production, and graphic design.

Seamless Monitor Management

ASUS DisplayWidget Center is software that provides an intuitive interface to adjust monitor settings, including brightness, contrast, and color temperature. Whether a monitor is used for everyday viewing or for professional creative work, users can effortlessly find the optimal display settings for enhanced viewing experiences.

Unleash Creativity with AI

Generative AI features open creative possibilities and also enable creators to realize their artistic visions more efficiently. The wide color gamut, high resolution, and professional color accuracy of the ProArt Display make it the perfect complementary tool — ideal for helping creators bring their ideas to life.

Turn Text into Reality — Fast (Photoshop)

environmental lighting, ensuring true colors every time.

Exquisite Design

Compared to its predecessor, PA278QGV has a space-saving base that’s 33% smaller, as well as a 30% slimmer profile. With an understated elegance, it’s right at home in a studio or in any living space.

Expansive Connectivity

PA278QGV offers a myriad of connectivity options, including HDMI, DisplayPort, four USB Type-A downstream ports for compatibility with a wide range of devices. PA278QGV also includes a passthrough port for headphones.

Easily Connect Devices

A built-in USB3.2 hub along the bottom bezel of PA278QGV includes two USB Type-A port, allowing for easy connections to a variety of devices and peripherals, as well as charge-compatible devices*. *Check the power requirements of the connected device to ensure it aligns with the monitor’s USB power output.

Ergonomic Stand

Each ProArt Display features an ergonomic stand with tilt, swivel, pivot, and height adjustments for comfortable viewing. The ability to pivot the screen clockwise or counterclockwise 90° for use in Portrait mode comes in handy when working with long documents, coding or web browsing. Furthermore, the quick-release feature makes it easy to attach the display via the integrated VESA wall mount—screw-free, so it's done in seconds!

ASUS Power Sync

Streamline and Declutter Your Desktop

ASUS Power Sync allows HDMI-connected devices to power on/off simultaneously with supported ASUS monitors, offering single-action control. Customizable via the MyASUS app with ASUS NUC*, this feature enhances device synergy for improved organization and productivity.

Trusted by World's Leading Creative Schools & Studios

Sustaining an Incredible Future

Environmental Certification*

PA278QGV has been stringently tested to meet the requirements of world-leading sustainability certifications. These tests include a comprehensive database of up-to-date criteria, independent verification, and a structured system for continuous improvement.

Eco-friendly Packaging

ProArt Displays are shipped in packaging made from FSC MIX 100% recycled cardboard. The packaging has been designed to minimize weight and volume, helping to conserve natural resources and allowing more devices to be transported in a single shipping container.

Reusable Packaging

The cardboard box can be cut into smaller box, phone holder and Laptop Stand. This is a great way to reduce waste, save money on packaging materials, and create added benefits. (Reusable Packaging items are vary by model.)

Energy-Efficient Features

ProArt Display PA278QGV has a power-saving Eco-mode and it achieves zero-watt power consumption when it is turned off.
*EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
