Archer TBE550E has two multi-directional and high-performance antennas with a magnetized base. Place the antenna base anywhere on your desktop to find the optimal location for signal reception.

Intuitive Wi-Fi Status via Immersive Lighting

With captivating LED lighting effects, the base of Archer TBE550E not only offers an intuitive display of network status but also allows for effortless customization through its responsive touch switch.

Reliable Bluetooth 5.4

Bluetooth 5.4 Building upon the high-speed and wide-range capabilities of its predecessor, the updated Bluetooth 5.4 offers enhanced reliability and security, ensuring seamless interoperability with game controllers, headphones, keyboards, and more.

Refined Security

The latest Wi-Fi security protocol, WPA3, brings new capabilities to improve cybersecurity. More secure encryption in Wi-Fi password safety and enhanced protection against brute-force attacks combine to safeguard your home Wi-Fi.

Fast Installation via USB Drive

Easily set up your Archer TBE550E using the included USB drive—even without network connection. Experience a straightforward and user-friendly installation process.
