

LogiLink PA0367 mobile device charger Universal White AC Fast charging Indoor

Model: PA0367

Manufacturer: LOGILINK

EAN: 4052792077766

Product Code: 1257085

R1,248

The LogiLink USB-C GaN wall charger is a compact and powerful 2-port charger with 65 watts. It uses gallium nitride (GaN) technology, which makes it smaller and able to conduct higher voltages than silicon-based chargers. The charger supports USB-C Power Delivery (PD) and Fast Charging. It can charge two smartphones, tablets or laptops simultaneously at full speed. It is also largely compatible with most USB-C devices.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
