

Samsung LH86WAFPLGC interactive whiteboard 2.18 m (86") 3840 x 2160 pixels Touchscreen Black, Grey

Model: LH86WAFPLGCXEN

Manufacturer: SAMSUNG

EAN: 8806097620242

Product Code: 1257972

R114,270

Android™ 15 & Octa-Core CPU

User-friendly UX, powerful performance

Experience intuitive, fast, and fluid performance powered by Android™ 15 and an Octa-core CPU. Whether you’re in the classroom or the meeting room, enjoy smooth access to educational tools, apps, and multitasking features.

EDLA Certification

Seamless access to Google services

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

As a Google EDLA certified interactive display, the WAFX-P comes with Google apps and services. It supports Google Play and delivers a streamlined experience designed to enhance education and collaboration.

All-in-One Video Call System

Built-in features for frictionless communications

With WAFX-P, starting a remote class or video conference requires no extra equipment or setup. The built-in 48MP camera keeps the speaker in view with Auto Framing, while the microphone captures voices within a 10-meter range, and dual 20W speakers and a built-in woofer deliver powerful audio.

AI Write & Search

Write. Circle. Search smarter

Seamlessly transition your handwritten notes into the digital world. With WAFX-P's embedded AI and digital ink recognition, simply circle handwritten notes on the screen and tap the search icon to access web results, images, and more - all without typing.

Screen Sharing

Smart, wireless sharing on multiple devices

WAFX-P supports screen sharing from up to 9 devices simultaneously, regardless of OS. Content can be shared between the main display and personal devices, maximising engagement and inclusivity.

Live Caption

Make content accessible for everyone

Make audio and video playback easier to follow for everyone. With built-in Live Caption on, WAFX-P automatically generates on-screen captions for content with audio features—supporting accessible learning and better engagement across various environments.
