Transforming your Apple WATCH SE and Series 6 - 1 in both 44 & 42 mm into that statement wrist accessory, this is much more than just a stylish strap. Each one is handcrafted from supple full-grain leather and features a traditional metal buckle with custom-fit lugs. Designed in Denmark by a Climate Positive Company, protect your device and the planet with this feature-rich eco-friendly strap.

Handcrafted by artisans from luxurious full-grain leather, this strap will develop a beautiful patina with use and is lovingly created from sustainable long-life materials for those who love classic design and appreciate stand-out style.
