Print without a power cable

An in-built battery gives you the power to print 50 pages, which can be topped up simply by recharging it via USB. For even more flexibility, an optional external battery can give you the power to print up to 410 pages.

Convenient

Print wirelessly with compatible solutions such as Google Cloud Print and Epson Connect. Use Epson iPrint app for wireless printing from smartphones and tablets. It can even receive files to print from almost anywhere in the world via Epson Email Print.

High-quality prints

The quality of this printer is reflected in the quality of the printouts. In fact, it is the only portable printer that uses pigment inks for all colours for durable, smudge-free results.

Efficient

The WF-110W delivers an ISO print speed of 7ppm in black and 4ppm in colour and has an ink yield of up to 250 pages in black and 200 in colour. With a 3.7cm LCD screen, it's easy to set-up a Wi-Fi connection without the need for a PC, and to check ink supply levels.
