R9,239

Scan. Send. Done. The new KODAK E1030 and E1040 Scanners are the most productive and user-friendly scanners in their class. Quickly and accurately transform paper documents into data your business can use immediately.

The KODAK E1030 Scanner makes it easy to digitize documents and get your data where it needs to be—quickly and accurately. The E1030 is ideal for SMBs, remote offices, and organizations with paper-intensive workflows, such as healthcare and legal offices, financial and government agencies, and more.

Easy to Use

The KODAK E1030 is easy to setup and use. Simply power it on and start scanning in less than 10 seconds. With Smart Touch technology, you can enable one-touch scanning for up to 9 different job

functions to get your information to the right place, every time.

Scan with peace of mind: Our multi-feed detection, Intelligent Document Protection, and smooth paper path reliably protect your originals as you scan. Document scanners from Kodak Alaris are virtually jam-free and protected with a comprehensive warranty and industry-leading service and support, plus several customizable service plans.

Perfect Images, Every Time

With built-in Perfect Page technology and our new Dual Illumination, your images will be better than the originals, every time. Exceptional Optical Character Recognition (OCR) technology ensures that your business data is extracted with speed and accuracy.

Scan IDs, Passports, and Delicate Documents

The KODAK E1030 Scanner can dock with an optional flatbed accessory, offering a fast and easy solution for ID cards and passport scanning, or damaged and fragile documents. With seamless TWAIN and ISIS integration, you don’t need to use multiple scanner drivers.
