performance, coupled with user-friendly design, makes the 5 GHz 867 Mbps 23 dBi Outdoor CPE710 an ideal choice and cost-effective solution for outdoor long-distance wireless networking applications.

Compact and Lightweight Packaging

Small and lightweight boxes benefit shipping, logistics, and retail.

Pharos Control – Centralized Management System

CPE710 comes equipped with Pharos Control centralized management software, helping users easily manage all devices in their network from a single PC. Functions include device discovery, status monitoring, firmware upgrading, and network maintenance. An intuitive web-based interface– PharOS - provides an alternative management method and allows professionals to access more detailed configurations.
