Bluetooth® multipoint connectivity and easy pairing

Compatibility with the latest Bluetooth® 6.0 devices lets you stream without annoying dips in the sound, and you can connect to two devices at once. Google Fast Pair and Microsoft Swift Pair are supported too.

4 mic technology. Clearer calls, even in crowded places

These headphones boast a four-mic setup, and two of those mics plus an AI noise-reduction algorithm combine to bring you super-clear calls. Even if you're in a busy cafe, your voice will come through clearly and the person you're speaking to won't be distracted by what's going on around you.

IPX4 splash and sweat resistant

Pocket-sized charging case with lanyard hole

The small charging case slips easily into a pocket, or you can attach a strap to the lanyard hole and hang the case from your bag or belt loop. Mono mode means you can use either earbud while the other one charges.

Up to 36 hours of play time with the case

You get 8 hours of play time from a full charge and an extra 28 hours from the charging case. Pop the earbuds back in the case and they'll recharge fully in 2 hours. If you need a quick boost, just 10 minutes gives you an extra 2 hours. The case can be charged via USB-C.
