Provides safe handling and anti-static protection for most 2.5in hard drives

The HDDCASE25BK 2.5-inch Anti-Static Hard Drive Protector Cases provide convenience and safety for almost any bare 2.5-inch SATA or IDE Hard Drives (HDD) or Solid State Drives (SSD). Constructed from a rugged anti-static rated plastic, these cases resist electrostatic build up and discharge, keeping sensitive equipment from harm - ideal for preventing accidental electrostatic discharges (ESD) in any environment where bare hard drives are handled, and also for technicians and travelers who don't require a full enclosure. The protective cases feature a convenient access door for the
