The Right-Priced Rugged Tablets That Have It All — Right Out Of The Box

Consumer-grade tablets might appear to be a cost-effective option for your business because the price is right. But without the right features, savings can quickly turn into substantial hidden costs — you may need to purchase a case to increase durability, a scanner for intense scanning tasks and more frequent device replacements. Introducing the perfect solution — the ET40/ET45 — the right

priced rugged enterprise tablets with all the features you need to do business, right out of the box.

The Strong Return on Investment (ROI) Your Business Needs

These tablets are built to last, designed for business from the inside out. Drop it, use it in subzero temperatures, hose it off — and it still works. The exact same device will be available for three years, eliminating mixed device deployments that are more time-consuming and costly to support. And since Zebra's optional OneCare Essential and Select support services are available for a full six years from the initial date of sale, you can count on the support you need every day your tablets are in use.

Work Faster and Smarter With All the Right Business Features and Options

Choose your screen size — the easy-to-carry 8 inch or the 10 inch for easy viewing of information rich apps. Capture barcodes in any condition with the integrated enterprise-class scanner. Take ultra-detailed photos with the high resolution rear camera. Enable video calls for better collaboration with the integrated front camera. Boost productivity with the latest and fastest wireless connections — including Wi-Fi 6 and 5G. Power shift after shift with the optional hot-swappable secondary battery. And create a mobile point of sale (POS) with innovative payment solutions.

Unleash the Potential of Your Tablets and Workforce With Zebra Mobility DNA

Get a built-in advantage with complimentary Zebra Mobility DNA Professional tools that make every aspect of owning these tablets easier. Stage a handful or thousands of tablets in seconds. Enter barcodes into your apps — without any programming. Control which GMS services and apps are available. Easily troubleshoot tablets — test all main systems with the press of button and collect targeted diagnostics. Automatically enable enterprise mobility management (EMM) support for every feature in your tablet for easy device management. Boost device security and more by adding features to Android. And unlock even more tools to boost workforce productivity with optional

ET40 Enterprise Tablet

For Workers Inside Your Facilities

The ET40 with Wi-Fi 6 wireless connectivity is ideal for workers who spend their shifts inside your facility. In retail, associates can scan a barcode to look up price, inventory availability and related items for cross selling; help customers make buying decisions with assisted selling; line bust with mobile point of sale solutions; and more. Restaurant wait staff can use the ET40 to take orders, show guests photos of menu items to help upsell everything from appetisers to dessert, monitor when orders are ready for pickup and take payment at the end of the meal. Supervisors can easily delegate tasks and monitor task execution. And staff members with an ET40 or other Zebra device can easily collaborate with instant push-to-talk and secure text messaging via Zebra’s optional Workforce Connect PTT Pro.
