

FSP FlexGURU 300W Power supply unit FLEX ATX ATX2.52 / Flex ATX1.23 Black

Model: PPA3004300

Manufacturer: FSP GROUP

EAN: 4713224522529

Product Code: 1727705

R2,881

Fully Modular Design

Fully modular design with all black ribbon cables simplifies installation, which allows you to use only the cables you need, for a much neater build.

High Power Density

FlexGuru series featured with high power density, 20% higher than any Flex PSU in the same wattage and frame.

Firm Installation with Beetle Technology

FSP pioneered the development of the Beetle technology in FLEX-ATX PSU, and we applied it on the FlexGuru series. The new technology strengthens the fixation adequacy by 25% which makes the PSU fit in most of the Flex-ATX chassis in the market.

Excellent Thermal Performance

Unlike general FLEX PSUs, FlexGuru series is designed with inner 40mm fan, noise cancellation and achieving maximum cooling at all times.

90% Efficiency Conversion

The efficiency of your power supply directly affects your system's performance. FlexGuru 300W has a guaranteed typical efficiency of 90%, offer the high conversion power to boost your system.

Keep in Compliance IEC 62368

FSP Group brings you the latest technologies in renewable energy, they provide a full range of additional safety features to keep up with the latest regulations. FSP has upgraded the majority of their power supplies to the latest UL# 62368 standard.

Safety Protection

OVP (Over Voltage Protection), UVP (Under Voltage Protection), OPP (Over Power Protection), SCP (Short Circuit Protection), and OTP (Over Temperature Protection), a full guardian circuit protections to keep your hardware safe.

Japanese Electrolytic Capacitors

Using Japanese electrolytic capacitors, FlexGuru series offers a stable output and long-term reliability you need.
