Featuring enhanced texture. AX86R offers a comfortable grip with its non-slip and anti-scratch performance, ensuring lasting durability. It's also cleaning resistant and anti-bacteria for hygiene.

Wireless, Faster and More Secure Calls

Wi-Fi 6 offers faster speed and greater capacity, while seamless roaming makes no dropped calls. Even in dense environments such as airports, schools, or supermarkets, Wi-Fi 6 reduces network congestion and latency for better connection.
AX86R supports the WPA3 Enterprise protocol, ideal for organizations that have high security requirements. Enjoy reliable, immersive, and secure calling with ruggedized Wi-Fi handset AX86R.

Five-party Communication

Free From Unwanted Noise

AX86R Wi-Fi handset supports 5-way voice conferencing and HD audio with Yealink cutting-edge audio technology. The dual-mic, Al Noise Cancellation, Acoustic Shield, Full-duplex and AEC technologies eliminate overwhelming and hybrid noises to render crystal-clear communication.

Push-to-Talk for Instant Collaboration

Enhance productivity with instant PTT communication. Just in one press, you can instantly communicate with team members in case of urgent notifications, coordinated work, etc.

Emergency Alarm

Away from Risks

AX86R features multiple emergency alarms, such as push-button alarm, no-movement alarm, man-down alarm and running alarm. The alarm function provides timely protection to ensure your work safety.

Quick Charging, Powerful Battery

Stands by You

Powered by a rechargeable 3100 mAh battery, Yealink AX86R is ready for 13 hours talk time or 300 hours standby time (Laboratory Data).
It supports quick charging via a charge cradle or a Type C cable.(*Type C cable not included in package)
