in our companion app.

Comfort fit and replaceable components for years of use

Soft PU leather ear cups and a soft adjustable headband give you a super-comfy fit. For the best acoustic seal and comfort, you can replace the memory-foam ear cushions if they wear down over time. You can also swap out the headphone's rechargeable lithium-ion battery when it reaches the end of its life.

Stable Bluetooth® multipoint connectivity and easy pairing

Compatibility with the latest Bluetooth® 6.0 devices lets you stream without annoying dips in the sound, and you can connect to two devices at once. Android Fast Pair and Microsoft Swift Pair are supported too.

Philips Headphones app. Customise your experience

Feel like your music's missing something? Our companion app features EQ, an intuitive equalizer that lets you tweak the sound and explore different EQ settings using your fingertips. You can also use the app to activate Dynamic Bass, manage connected devices, update firmware and more.

GRS-certified recycled plastic. Responsible packaging

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled carboard with inserts printed on recycled paper.

Up to 70 hours of play time

Head out with these on-ear headphones and you can go days before needing to recharge. A full charge will give you up to 70 hours of play time, and a quick 5 minute charge will get you an extra 2 hours.

Clear calls. They'll hear what you're saying

Your voice will come through clearly when you're on a call. A dedicated mic picks up the sound of your voice while a noise-reduction algorithm reduces some of the background noise from the world around you.

Warm, natural sound. Philips sound signature

The custom drivers in these headphones are tuned to the Philips sound signature, which brings you warm, natural sound with deep bass. Whatever you're listening to, you'll love what you hear.
