R2,271

The Office Solid Pro monitor arm creates an ergonomic, space-saving workspace. The solid AC8329 monitor arm supports a single monitor up to 45” (max. 16kg) or a curved monitor up to 13kg. Set the optimal height and viewing distance using the gas spring, three pivot points, and pole mount. Ideal for sit-stand desks. The top-mount clamp offers a space-saving, stylish, and clean look. A clamp and grommet mount are included.

Solid single monitor arm with gas spring

The AC8329 is a solid metal monitor arm designed for a single monitor up to 45” and 16kg (or a 45” curved monitor up to 13kg), compatible with VESA 75x75 and 100x100. Mounted on a sturdy pole, the monitor arm offers flexible positioning via its gas spring system. Because of the pole mount, it is

possible to use the monitor in portrait mode. The maximum height is 62 centimeters, measured from the desk surface to the center of the VESA plate.

Ideal for flexible workspaces and sit-stand desks

Whether you work in an office with flexible workspaces or use a sit-stand desk, the AC8329 monitor arm with gas spring allows you to easily adjust the height and depth of the monitor without tools.

Tilt, swivel, and rotate your screen to create an ideal ergonomic workspace, reducing the risk of neck, back, and shoulder strain. The cable management system keeps cables organized.

Top-mounting bracket for easy installation

Easily mount the AC8329 to your desk using the top-mounting bracket. The clamp secures from the top side instead of the bottom, ensuring easy installation and saving space. The gas spring tension is adjustable. All mounting gear for both clamp and grommet mounting is included.

*Please note: The monitor size is an indication and depends on the maximum weight capacity and VESA compatibility. The maximum size of 45 inches applies to horizontal use. For vertical use, the maximum size may be smaller.
