

ACT USB-C laptop wall charger 100W with Power Delivery profiles, 2 meters

Model: AC2015

Manufacturer: ACT

EAN: 8716065598629

Product Code: 1741524

R1,731

The AC2015 USB-C Laptop Wall Charger 100W is the perfect companion for your USB-C laptop. Your laptop is always charged with the right amount of power thanks to the predefined Power Delivery profiles. The AC2015 will charge your USB-C smartphone/tablet as well. The wall charger has four power protection levels: over temperature, over voltage, over current and short circuit.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Always the right amount of power with Power Delivery profiles

The AC2015 charges your laptop with just the right amount of power using five predefined Power Delivery profiles. The charger communicates with your laptop to find the right profile. This communication ensures the most efficient and effective charging.

Universal compatibility

The AC2015 USB-C Wall Charger is compatible with most popular laptop brands including Dell, HP, Lenovo, and Apple MacBook Air.

Works with both Apple and Android smartphones and tablets

Connect your Android smartphone/tablet and latest-generation iPhone/iPad to the ACT 100W USB-C Wall Charger to charge your mobile device.

Long cable: 2 meters

The AC2015 is a wall charger that plugs directly into the power outlet. The charger has a convenient fixed long USB-C cable of 2 meters. You can move more freely with your notebook without having to sit next to the power outlet. The AC2015 fits easily into your bag.

4 Power protection levels

We take safety seriously. That’s why the AC2015 Wall Charger is equipped with over-temperature protection, over-voltage protection, over-current protection and short-circuit protection.
