

ACT Automatic smartphone car mount with wireless charging

Model: AC9010

Manufacturer: ACT

EAN: 8716065491708

Product Code: 1741532

R1,655

The AC9010 Automatic Smartphone Car Mount is the perfect solution for keeping your smartphone in place in your car. The car holder opens and closes automatically. You can place your smartphone (max. width 85mm) in the mount with ONE hand. The AC9010 Car Mount supports Qi fast wireless charging when connected to an additional fast USB car charger. Comes with an air vent mount and a window mount.

Place and remove your smartphone with ONE hand

The Automatic Smartphone Car Mount must be placed in your car’s air vent or against the windscreen. Connect the included USB-C to USB-C cable to your USB car charger.

You can place your phone in the mount with ONE hand. Simply hold your phone in front of it. The auto-detect function automatically opens the arms and you can place your phone in the mount. To remove, simply press the unlock button on the side of the mount. The arms open and you can remove your smartphone phone from the mount. The automatic detection can be disabled with a dedicated button.

The mount has a backup battery so that the smartphone can be removed when the car is switched off.

Fast Qi wireless charging support

Does your smartphone support fast wireless charging? The AC9010 Automatic Car Mount supports Qi fast wireless charging. Simply use a fast USB car charger and the AC9010 will charge your smartphone quickly and wirelessly. You can also charge your phone wirelessly using a standard USB car charger. The LED light on the side of the stand shows the charging status.

Adjustable height

The mount is height adjustable for better alignment of the charging coil of both the smartphone and the charger. This ensures optimal charging performance.

Charge your smartphone with a cable

Did you know that you can always use the AC9010 Automatic Smartphone Car Mount, even if your smartphone doesn't support wireless charging? Simply connect your phone's standard charging cable to a USB car charger when your phone is attached to the AC9010.

Air vent and window bracket included

The AC9010 comes with an air vent mount and a window mount. Both mounts allow you to easily position your smartphone in landscape or portrait mode.
