As Tapo’s first Light Strip that supports Apple HomeKit, it enables users to control it via multiple devices using simple vocal commends. Try control your smart home with Siri.

Crystal, Flexible, and Clean

Tapo L930-5, generates a soft transparent light through its exterior PU coating. It’s easy to attach it as the way you want. Our high-tech coating protects all the LED beads well and makes it easy to maintain.

Stir Your Sense up via Music Sync

L930-5 Light Strip captures the music going around it, syncing to the frequency and the beat. Keep pace with the rhythm and get all your senses stirred up at a party!

Simple to Control

Ask the smart speakers-Apple HomePod Mini, Amazon Alexa, and Google Assistants-to carry out your vocal commands, without hindering your present task at home. Get hands-free smart home experience now.

Schedule Your Routine

Use the Tapo App to schedule when your light strip on/off with the brightness, hue, and effects you set and coordinate your lighting with any event you host.
