

Dreame L20 Ultra 0.3 L White

Model: RLX41CE

Manufacturer: XIAOMI

EAN: 6973734688780

Product Code: 1043791

R17,324

Extensive automation. Detailed clean.

Take detailed cleaning to a whole new level with L20 Ultra.

A fully automated¹ robot vacuum that cleans floors and cleans itself.

Dreame Technology's most advanced² all-in-one cleaning robot of 2023 provides hands-free whole-home cleaning like never before.

Stop cleaning your home and start enjoying it.

Intelligent Edge Cleaning

Get a deeper clean throughout your home with Dreame's exclusive AI-driven MopExtend™

Technology³ and impressive DuoScrub™ Mopping System. Enjoy detailed mopping that leaves floors remarkably well cleaned and makes the whole room shine.

In-Depth Edge Cleaning

Utilizing a Position Sensitive Detector to identify edges and corners, MopExtend™ automatically extends the mops to reach spaces robots typically have trouble with for deeper, closer cleaning.

Intelligent algorithms help L20 Ultra figure out complex home environments to know when, where, and how it should best extend and retract its mops.

Scrubs out Sticky Messes

Our impressive DuoScrub™ Mopping System utilizes two high-speed rotary mops that scrub under pressure to clean stubborn dirt and messy spills so that messes don't stick around in your home. With a liftable rubber brush⁴ and an automatically closed fan motor, cleaning is conducted in silence.

Experience Ultimate Cleaning with Automatic Robot Care and Maintenance

Automate your day-to-day cleaning and come home to just-cleaned floors that smell good and feel great thanks to a fully automatic base station. Keep your robot in tip-top shape with auto-empty, mop washing, water refilling, solution adding, and more, for cleaning that is more hands-free than ever.

Auto-Empty

Hands-Free Emptying for up to 75 Days⁵

Enjoy up to 75 days of hands-free cleaning with advanced DualBoost™ 2.0 technology, to empty while mitigating clogging, and a 3.2L dust bag. Simplify your cleanup into just throwing away the bag.

Mop Self-Cleaning

Hard on Messes, Easy on You

L20 Ultra thoroughly washes its mops in the base station any time they get too dirty, and again when its cleaning task is complete. Minimum maintenance. Maximum cleaning.

Automatic Mop Drying

Dries with Warm Air for 2 Hours

When cleanup is complete, the rotary mops are blow dried for 2 hours with warm air to help prevent mildew formation and unpleasant odor.

Auto Water Refilling

Cleans up to 3,229ft on a single fill

Refills the robot's water tank from the 4.5L Clean Water Tank to keep the mop wet and maintain high cleaning efficiency.

Automatic Solution Adding

Clean to a Gleam

Your robot is topped off with the proper solution/water ratio to help ensure your hard floors, and your home, shine.

Bye Hair, Bye Dirt, Bye Dust

The powerful Vormax™ Suction System packs 7,000Pa of suction power for remarkable vacuuming. The liftable rubber brush provides easy hair detangling while ultrasonic carpet recognition and mop-removal technology combine for enhanced carpet and rug cleaning.

Our Most Advanced and Powerful Vacuuming System Ever

Hair, dirt, dust, and other debris have nowhere to hide. Dreame's advanced Vormax™ Suction System and innovative customized carpet cleaning optimize vacuuming efficiency to pull household debris up from rugs, out of carpets, and off of hard floors.

More Insight and Intelligence

Pathfinder™ Smart Navigation, AI Action, and the 3D Structured Light Obstacle Avoidance System combine to learn your home, identify 55 different types of obstacles, and plan how to clean more effectively.

Understands Your Home

With AI Action and the 3D Structured Light Obstacle Avoidance System, L20 Ultra moves with impressive smoothness, effortlessly avoiding obstacles. With a built-in LED, your robot identifies obstacles and cleans efficiently in dim spaces and dark rooms.

Learns Your Home

Sophisticated Pathfinder™ Smart Navigation technology enables fast mapping and accurate path planning so your robot cleans in neat rows or quickly navigates to specific areas for spot cleaning.

Personalize Your Cleaning and Take Command

Download the new app from the App Store or Google Play for the best Dreame-home experience. Take control via the app to tailor your cleaning to suit your home and schedule. Segment rooms, create virtual walls, set no-go zones, or schedule cleanups all from the comfort of your own phone.

30% Faster Charging and a High Capacity Battery

Dreame's advanced technology boosts charging speed tremendously for the large 6,400mAh battery to ensure your robot is quickly ready for the next cleaning session.

Seamless Smart Home Integration with Voice Control

Alexa, Siri, and Google Assistant compatibility put cleaning at the ends of your fingers and the tip of your tongue. Say the word to start, stop, and pause cleaning with your favorite voice assistant.
