

Ray Battler RB 6920 Hair Clipper + 6 Guide Combs

Model: RB 6920

Manufacturer: RAY BATTLER

EAN: 6430082910203

Product Code: 1043832

R1,305

The Ray Battler RB 6920 Hair Clipper is a versatile cordless grooming tool designed for hair cutting, beard and moustache trimming, sideburn grooming and everyday personal care. Its professional-style design combines precise cutting performance, adjustable speed and a complete accessory set for convenient use at home or in barber and salon environments.

The clipper is equipped with titanium-coated steel blades for smooth, precise cutting with reduced friction and heat. The durable blade surface helps maintain sharpness over time and supports consistent cutting performance.

Two operating speeds allow the user to adapt the clipper to different hair types:

6,500 RPM – suitable for fine and soft hair

7,000 RPM – suitable for thick and coarse hair

A built-in 2000 mAh rechargeable battery provides up to 2.5 hours of cordless operation, while a full charge takes approximately 3 hours. The digital display clearly shows the remaining battery level and operating speed (RPM).

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
