R2,389

Cordless sanding of medium- and larger-sized flat surfaces, corners and edges

The cordless UniversalSander 18V-10 has an iron-shaped plate for working in tighter areas and corners and edges, and a rectangular plate for medium- and larger-sized flat surfaces. Electronic speed preselection enables the right speed setting for the job and material. Attachments can be changed out quickly via the SDS system. This sander is ideal for working on wood and varnished and painted surfaces like furniture, doors, frames, etc. Its easily removable Microfilter dust box reduces dust to keep the working area cleaner. The built-in Bosch Syneon Technology provides optimum
