The Ray Battler RB 6922 is a complete grooming set designed for both full haircuts and precise detailing. The set combines a powerful hair clipper for cutting and shaping with a compact precision trimmer for edging, temples, neckline and detailed finishing.

Both devices feature sharp stainless-steel blades for clean and accurate cutting, as well as an LED display showing the battery charge level and selected operating speed. Long battery life makes the set suitable for both home use and professional barber work.

The RB 6922 comes with 9 guide comb attachments, allowing the user to select the required cutting length. A convenient travel case keeps the clipper, trimmer and accessories protected and organised.
