The InLine® 2-in-1 USB-C cable offers a flexible solution for fast charging and data transfer of modern mobile devices and laptops. With a maximum charging power of up to 100 W and an integrated e-marker chip, the cable ensures an efficient and safe power supply. The e-marker automatically detects the optimum charging speed for the connected device and prevents potential damage caused by overvoltage.

Thanks to the included USB-A adapter, the cable is not only compatible with USB-C power adapters, but also enables charging on conventional USB-A ports with a maximum output of 60 W (3 A). The high-quality TPE material ensures high flexibility and durability, while the USB 2.0 technology guarantees reliable data transfer of up to 480 Mb/s.

Ideal for system users, resellers and professionals who need a reliable and versatile charging and data connection.

Additional technical data:

USB-C plug to USB-C plug with adapter to USB-A

Maximum charging power: 100 W (5 A at 20 V)

Maximum charging power USB-A: 60 W (3 A)

Color: Black
